Skills

Languages: C++, C, Python, JavaScript, SQL

Technologies: React.js, Node.js, Express.js, MongoDB, HTML5, CSS3, Bootstrap

Libraries & Tools: React Router, Redux, React Hooks

Coursework: DBMS, Operating Systems, Computer Networks, OOPs

Projects

1. Trip: Demo

📅 04/2025

Technologies: React, Vite, Tailwind CSS, Node.js, Express.js, MongoDB, Socket.io, JWT

- Built a ride booking platform for **500+ users** with captain ride acceptance.
- Enabled **real-time tracking** and chat for **100+ concurrent users** using **Socket.io** and **Google Maps API**.
- Handled **10,000+ API requests/month** with **JWT auth** and **MongoDB**, ensuring **99.9% uptime**.
- Used **React, Vite, Tailwind, Node.js, Express** for a **60% faster load time** and **30% better performance**.

2. Portfolio App: Demo

📅 09/2024

Technologies: HTML, Javascript, ReactJs, Context API, CSS.

- Showcased **5+ projects** across **5+ technology domains** including **Web Development**, **Data Science**, and **Machine Learning**.
- Developed **10+ reusable React.js components** and utilized the **Context API** for efficient state management.
- Achieved **60%+ responsiveness** across various devices, enhancing user experience and accessibility.
- Reduced **code redundancy by 40%** through modular and component-driven architecture.
- Optimized **performance** by reducing load times by **35%** using **Vite** and streamlined asset delivery.

3. Top Courses : Demo

📅 05/2024

Technologies: HTML, Javascript, React.js, CSS

- Developed a **dynamic platform** showcasing courses across **4+ domains**, including **Data Science** and **Web Development**.
- Integrated **15+ datasets**, with **70% sourced from APIs** to enable **real-time data updates** and seamless user interaction.
- Implemented **responsive design (40%+)** to enhance accessibility across multiple devices and screen sizes.
- Utilized **React.js, REST APIs, and modular components** to ensure scalability and maintainability.

Achievements

- Qualified **Smart India Hackathon (SIH) – 1st Round**
- **LeetCode:** 1700+ rating
- **Gate 2025 Qualified**
- **HackerRank:** 5-star in C++ | 3-star in Problem Solving
- **Competitive Programming:** Solved **800+ problems** across coding platforms
- **1st Place** in **Intra-College Coding Contest (Clash of Coders)**

Research and Publications

Machine Learning- Based Estimation of Caloric Expenditure

- Published in **AIST 2024 (Artificial Intelligence & Speech Technologies)**
- Achieved **1.48 MAE** using the **XGBoost algorithm** for predictive modeling

Education

ABES Engineering College, Ghaziabad (CSE) :CGPA 7.66

2021 - 2025

Vidya Sanskar Public School, Mirzapur (CBSE 12TH) : Percentage 70.6%

2019 - 2020

B P S Public School ,Chandauli (CBSE 10TH) : Percentage 82%

2017 - 2018

Certifications & Courses

- Python 101 For Data Science Certified by IBM
- Industrial visit on networks bull.
- Problem-Solving Certified by Hacker Rank.
- Programming in c++ certified by Infosys.
